3.00 Eligibility

The following supplemental health insurance conversion credits are provided for covered employees who, on or after January 24, 2004, are laid off or retire from the service, or for the surviving insured dependents of employees who are laid off or die while in service, under the following conditions:

- (1) The credits shall be based upon an employee's full number of years of adjusted continuous service on the date of retirement, layoff or death.
- (2) The credits shall be calculated based on the employee's sick leave balance on the date of retirement, layoff or death.
- (3) An employee is not required to retire immediately upon termination from the service to be eligible if the employee has 20 years of creditable service under the Wisconsin Retirement System. See ss. 40.02(25)(b)6e. and 40.95(1)(a) intro, Wis. Stats.

4.00 Amount

4.01 General and Executive

For employees who retire, are laid off, or die while in state service with at least fifteen (15) full years of adjusted continuous service, the employer shall match each one (1) hour of accumulated sick leave up to a maximum of fifty-two (52) hours per year multiplied by the number of years of service through twenty-four (24) years. For years of adjusted continuous service over twenty-four (24) years, the employer shall match each one (1) hour of accumulated sick leave credit up to a maximum of one hundred and four (104) hours per year multiplied by the number of years of continuous service over twenty four (24) years.

Section H – 4.02

4.02 Protective

For employees who have earned all of their adjusted continuous service while having protective occupation status and who retire, are laid off, or die while in state service with at least fifteen (15) full years of adjusted continuous service, the employer shall match each one (1) hour of accumulated sick leave up to a maximum of seventy-eight (78) hours per year multiplied by the number of years of service through twenty-four (24) years. For years of adjusted continuous service over twenty-four (24) years, the employer shall match each one (1) hour of accumulated sick leave credit up to a maximum of one hundred and four (104) hours per year multiplied by the number of years of continuous service over twenty-four (24) years.

4.03 Proration of General, Executive, and Protective

Employees who have earned part of their adjusted continuous service while in protective occupation status shall have their credits prorated as specified in (1) or (2) below.

- (1) If at the time of retirement, layoff, or death, the employee has adjusted continuous service of less than twenty-five (25) years, multiply the number of years as general and/or executive by fifty-two (52) hours. Multiply the number of years as protective by seventy-eight (78) hours. Combine these totals to determine the maximum matching credits.
- (2) If at the time of retirement, layoff, or death, the employee has adjusted continuous service of over twenty-four (24) years, determine the proration based on the first twenty-four (24) years of service and then add one hundred and four (104) hours for each year of adjusted continuous service over twenty four (24) years.

5.00 Miscellaneous Administrative Provisions

5.01 Credits for Sick Leave Used

- (1) Employees who suffer from a personal illness or injury that requires them to use at least five hundred (500) hours of accrued sick leave during the three (3) years immediately prior to retirement, layoff, or death shall receive five hundred (500) hours credited to this account upon retirement, layoff, or death.
- (2) Employees shall be required to provide medical documentation of such illness or injury to the employer on forms provided by the employer at the time the leave is taken. Employees who have suffered such an illness or injury during the three (3) years immediately preceding the effective date of this benefit shall also be required to provide supporting medical documentation.

Section H – 5.02

5.02 Access to Supplemental Credits

Access to these credits for payment of post retirement health insurance premiums shall occur only after all Accumulated Sick Leave Conversion Credits (ASLCC) have been exhausted.

Credits granted to a laid off employee or that person's surviving insured dependents, shall be available until credits are exhausted, the laid off employee is reemployed, or five (5) years have elapsed from the date of layoff, whichever occurs first.

5.03 Rehired Annuitant

In the event an employee returns to a position covered by these provisions after having retired, the credits in this account shall be held in escrow until the employee again retires. The credits will then be adjusted to reflect additional years of continuous service and sick leave accrual.

5.04 Conversion Pay Rate

Sick leave shall be converted to credits using the employee's highest base pay rate received as a state employee.

5.05 Conversion Pay Rate for Employees Receiving Educational Credit Add-Ons

The educational credit add-on set forth in Section A., 4.14 of this Plan will be considered a part of an employee's basic pay rate for purposes of the supplemental health insurance conversion credits provided under this Section (Section H). This treatment of the educational credit add-on applies to participants in the Wisconsin Retirement System who apply for the conversion of unused sick leave credits on or after July 4, 1999.
